

Powering and Connecting Your World

NEW PRODUCT ANNOUNCEMENT

Rolling TV/Monitor Carts with Rechargeable Battery System

Add Mobility and Placement Flexibility to Displays

Model: DMCS60100XB

The rechargeable battery system can power a display when a wall outlet is not available.

Perfect for:

Conference rooms, classrooms, huddle spaces and improvised meeting areas.

Tripp Lite's new rolling TV/monitor carts integrate a heavy-duty mobile stand with a rechargeable battery system to add mobility and placement flexibility to most flat-panel televisions, monitors, digital whiteboards and interactive touchscreens.

A display can be rolled wherever it is needed, allowing audio/video resources to be shared in corporate, education, healthcare, commercial, hospitality, retail and government settings. When a wall outlet is not available, the rechargeable battery system can power the display for up to 90 minutes.

Key Benefits

BROAD COMPATIBILITY

- Carts support flat or curved screens from 32 to 70 inches and 60 to 100 inches.
- VESA-compliant brackets provide no-hassle display mounting.

EASY MOBILITY

- 4-inch swivel casters provide smooth rolling for easy resource sharing; locks keep the cart in position while at rest.
- Handles on the support columns help users guide movement.

UNTETHERED OPERATION

- Lithium-ion battery system supports up to 90 minutes of display use without plugging into a wall outlet.
- Battery charges when the system is plugged into an AC outlet.
- LEDs indicate the battery charge level.

CONVENIENT ADJUSTABILITY

- Height and tilt adjustments improve viewing angles and reduce glare.
- The DMCS3270XPBB display mount can be positioned for portrait or landscape viewing.

SPACE FOR COMPONENTS

- Upper shelf supports a webcam or projector.
- Lower shelf holds a laptop, tablet or other accessories.
- Cable management openings reduce cord clutter.

Feature Focus

Model: DMCS3270XPBB

Model: DMCS60100XXBB

- A** Upper Shelf for Webcam or Projector
- B** VESA-Compliant Mounting Brackets
- C** 90° Rotatable Mounting Plate
