TRIPP-LITE

4K HDMI Cable with Ethernet (M/M) - 4K 60 Hz, Gripping Connectors, 15 ft.

MODEL NUMBER: P569-015-CERT

HDMI cable with high-grip connectors transmits digital audio/video and Ethernet signals to a 4K-enabled television, projector or monitor. Ideal for all multimedia applications that display UHD video.

Description

The P569-015-CERT 4K HDMI Cable with Ethernet (M/M) is recommended for home theater systems and other applications that display Ultra High Definition (UHD) video and multi-channel audio. It connects an HDMI-enabled source device, such as a Blu-ray player, video game system or computer, to a 4K-enabled television, monitor or projector.

This 15-foot cable supports true 4K video resolutions up to 4096 x 2160 at 60 Hz, as specified in HDMI 2.0. Distinctive high-grip male connectors ensure a secure, tight fit to prevent the cable from coming loose accidentally.

The P569-015-CERT also supports data transfer speeds up to 18 Gbps and 3D video. It works in all HDMI cabling scenarios.

This HDMI cable supports Ethernet data connectivity, which allows web-capable devices to share their Internet connection with other connected devices. An audio return channel simplifies setups between displays and A/V receivers. When used with an Apple digital A/V adapter, it supports iPad2 video mirroring for playing games, watching videos or displaying presentations.

The 28 AWG cable features premium foil and braid shielding to deliver top-of-the-line signal quality and protection from EMI/RFI interference. Gold-plated connectors and contacts ensure excellent conductivity.

Features

Connects HDMI Source to 4K TV, Projector or MonitorRecommended for home theater systems, classrooms, conference rooms, data centers, digital signage and other applications that display UHD video and multi-channel audio

Ready for True 4K DisplaysSupports Ultra HD video resolutions up to 4K

Distinctive High-Grip Connectors Male plugs specifically designed for secure, tight fit that prevents accidental disconnection

High Performance and Wide CompatibilitySupports 3D video while audio return channel simplifies setup between display and receiverSupports iPad2 video mirroring when used with Apple digital A/V adapterWorks in all HDMI cabling scenarios

Superior Construction Ensures a Flawless SignalFully molded 28 AWG construction with integral strain relief for durability and long lifePremium foil and braid shielding for EMI/RFI noise

Highlights

- Supports UHD video resolutions up to 4K for crystal-clear video
- Ideal for connecting 4K
 televisions
- Tested for highest performance and reliability
- Special high-grip plugs prevent accidental disconnections

System Requirements

- Video source with HDMI output
- Display with HDMI input

Package Includes

P569-015-CERT 4K HDMI Cable with Ethernet (M/M), 15 ft.

protectionCorrosion-resistant gold-plated connectors and contacts for optimal signal transferFlexible PVC jacket easy to install in tight spaces

Specifications

OVERVIEW		
UPC Code	037332200167	
Product Type	Passive Cable	
Technology	НДМІ	
Cable Type	Passive	
VIDEO		
Max Supported Video Resolution	3840 x 2160 (4K) @ 60Hz	
Max Supported Color Depth	48-bit Deep Color	
HDR Support	Yes	
3D Video Supported	Yes	
Chroma Sub Sampling	4:4:4	
EDID Support	Yes	
Signal Transmission	Bidirectional
