SmartPro 1500VA 900W 120V Line-Interactive Sine Wave UPS - 8 Outlets, LCD, USB, Tower

MODEL NUMBER: SMART1500LCDT

Provides complete battery backup and pure sine wave power output for your desktop computer, network workstation, audio/video components or media center.

Description

The SMART1500LCDT SmartPro® LCD 120V 1500VA/900W Line-Interactive Uninterruptible Power Supply provides battery backup and AC power protection against blackouts, brownouts, power surges and line noise that can damage electronics or destroy data. Ideal for backing up your desktop computer or audio/visual components, this line-interactive UPS switches to battery backup mode in milliseconds to keep your connected equipment running long enough to save files and shut down safely with no data loss. While all ten NEMA 5-15R outlets protect against surges, five outlets also provide up to 90 minutes of UPS battery support for a basic desktop PC and LCD monitor and up to 10 minutes of support at half load (450W).

Automatic voltage regulation (AVR) corrects undervoltages as low as 92V and overvoltages as high as 150V without using any battery power. EMI/RFI noise filtering improves your equipment's performance and prevents damage. A 650-joule surge suppression rating protects your equipment from harmful power surges.

NEMA 5-15P plug with six-foot (1.8-meter) cord connects to any NEMA 5-15R socket. Large LCD screen shows real-time input voltage, overload, AVR, remaining battery runtime and battery statuses at a glance. Alarm sounds to indicate power loss or low battery. With PowerAlert® software (available via free download), SMART1500LCDT enables safe unattended system shutdown in case of a prolonged power failure.

Features

Reliable Battery BackupProvides 1500VA/900W high-performance power protection for desktop computers, audio/video components, media centers and other electronicsSupports basic desktop computer and LCD monitor up to 90 minutes during power outageSupports 50% load (450W) up to 10 minutesAudible alarm indicates loss of utility power or low battery

Optimized Outlets5 NEMA 5-15R outlets deliver battery backup for devices that require constant powerAll 10 outlets protect against surges or spikes that can harm equipment or dataNEMA 5-15P plug with 6-ft. (1.83 m) cord connects to any NEMA 5-15R socket

Automatic Voltage Regulation (AVR)Corrects undervoltages as low as 92V and overvoltages as high as 150V without drawing battery backup power

LCD Status ScreenLarge LCD screen shows real-time input voltage, overload, AVR and battery statusesAutomatically displays remaining battery runtime in minutes during power outage

Highlights

- Protects equipment against blackouts, brownouts, overvoltages, surges and line noise
- Keeps AC power running during blackouts to allow time for file saves and safe shutdown
- Maintains continuous 120V nominal output during brownouts and overvoltages
- ENERGY STAR-certified to save electricity, lower costs and protect the environment
- Front-panel LCD reports detailed voltage, runtime, load and battery information

Package Includes

- 1500VA 900W 120V Line-Interactive UPS
- USB cable
- Owner's manual
