The hub supports USB 2.0 data transfer rates up to 480 Mbps and is backward compatible with USB 1.1 devices. It provides easy-to-access USB ports to computers stored in cabinets, behind furniture or other hard-to-reach locations.

Plug-and-Play Hub Is Easy to Connect
The bus-powered U223-007 requires no software to download and install. It connects to a host computer with the included USB cable and shares 500mA among all seven USB ports for charging mobile devices.
