FEATURES & BENEFITS

On-Site Warranty

Provides 24/7/365 rapid-response repair, including parts, travel and labor, as well as 24/7 technical support via telephone or email. Working with the Tripp Lite service team ensures you have access to genuine, high-quality OEM parts. It also ensures that service personnel are properly trained and up-to-date on the latest service bulletins and best practices.

Preventive Maintenance

All Cooling systems have wearable components that must be checked periodically to ensure they are still operating within specifications. Preventive maintenance identifies and corrects problems early, before they can cause inefficiency, poor performance, UPS failure, downtime and lost productivity. Preventive maintenance is key to Cooling reliability, longevity and cost control.
